

WHY SHOULD YOU CHOOSE TO STUDY IN THE EURO SECTION?

To begin with, we could say that the euro section is synonymous with teamwork but also hard work, in a way it really helped us open our minds to other cultures in the world.

Why teamwork? Because we did a lot of group projects (exhibitions) with different themes such as « Travel around the world », « Earth day »...

"It seems the harder I work, the more luck I have"
THOMAS JEFFERSON

Why hard work ? Because we put all of our time and passion to achieve those projects !

During our 3 years in this section, we did a lot of community services (tutoring, prepare a full meal for homeless people, ...) it helped us open our eyes to see the world around us, it taught us that we can help change the world even from such a small scale, because lots of small changes lead to big results.

As English is the language most spoken in the world, this section is a way to help us improve it and in a way make communication with the rest of the world easier, which is essential today. In fact, we practiced our oral, which helped us be more fluent and at ease.

Finally, it can even open up new opportunities, since being in the euro section means that you can understand bilingual classes. We could say that for our future universities' applications it is a plus and could make the difference with another student.

Dans cette section, tu te sens à ta place, petite mais importante pierre d'un impressionnant édifice. En t'alliant aux autres, c'est toi qui t'améliores. Alors, je recommanderai cette expérience enrichissante d'un point de vue scolaire et humain à toute personne curieuse des gens et des cultures qui l'entourent.
