

THE HOUSE SYSTEM

The **house system** is a traditional feature of schools in **England**, originating in England. The school is divided into subunits called "houses" and each student is allocated to one house at the moment of enrollment. Houses may compete with one another at sports and maybe in other ways, thus providing a focus for group loyalty.

This system can be beneficial to all students of la Mennais. First of all, it can allow students to meet and bond with new people based on specific values. Thus, these new meetings can encourage mutual aid and cohesion.

Moreover it promotes positive self-esteem, self-identity, integrity and pride amongst all students.

OUR HOUSE : “ VIBERZ “

“We only live once”

You like to meet new people with crazy personalities and share values with them ? Our house is made for you. In fact our group tries as much as possible to share values specific to our mindset . As a member of this house, it is essential to be kind, friendly and loyal to the members. of course, honesty is also a principle that is important to us because we believe that it will strengthen ties between the house members. Moreover , we cannot forget to spread positivity and craziness because the more we laugh, the better we feel !

To get in our “house”, each student must pass a personality test and a quiz which will lead him to be a full member.

Last but not least, we would like to try as much as we can to help people who are struggling with social issues and bullying .In fact we think that everyone has the right to speak and be respected because we're all equal human beings.

THANK YOU FOR YOUR ATTENTION!!
